THEN / NOW!

THEN: In years past, quarries were surrounded by open land, miles from residential areas, and hydrogen peroxide was just something you used for bleaching your hair and for treating minor cuts. As housing developments spread into rural areas, homeowners began to complain of sulfide odors coming from quarries, especially on hot, hazy days. At that time, few people realized that the solution to the problem was hydrogen peroxide.

IRS Issues Job Tax Credit Publication

Publication 902, "Tax Information on Jobs Tax Credit," of interest to employers who hire additional employees during 1977 and 1978, is available free at its local offices, the Internal Revenue Service said today.

The publication provides details on the credit, established by the Tax Reduction and Simplification Act of 1977, for employers who hire new employees in their businesses. Generally, the job credit is based on the aggregate unemployment insurance wages under the FUTA system, with the exception of certain railroad and farm employes are not eligible for the credit.

Qualifications, calculations, special rules and instructions for claiming the credit are explained in the booklet which includes examples illustrating most aspects of the job credit.

The publication should be especially helpful to the small business owner who may be eligible for the tax credit. Taxpayers can obtain Publication 902 by contacting their local IRS office.

Oklahoma Firm Drills For Oil In Its Parking Lot

Many people who waited in long gas station lines a few years back still harbor dreams of owning their own oil wells. Well, one company in Tulsa, Oklahoma has bitten the asphalt and drilled a well more than 1,000 feet deep in its own parking lot.

Seismograph Service Corporation, owner of both the well and the parking lot, is in the business of helping others to locate spots where oil or gas are apt to be found and then assisting drillers by recording and analyzing the scientific data as the drilling proceeds.

According to company engineers, the new back yard well provides SSC with a valuable bench mark for equipment to be used by the company's "finder" crews all over the world.

And in case you're wondering, even though they didn't hit a gusher, the core samples did show traces of oil, gas and even coal. Maybe next time . . . in the lobby!

Raiders Overpower Liberty 33-6

The ACHS Raiders put it all together Friday night and thrilled a Homecoming crowd with their best effort of the season in defeating Librty High School 33-6 in a district contest.

John Rothgeb was the key to the Appomattox offense as he ran over and around the Minutemen for 227 yards on 24 carries. He was ably supported by Jay Franklin (52 yards) and Andy Kelso (62 yards) but in his final game in Bragg Stadium the night belonged to Rothgeb who scored three of the Raider TDs.

The Raider defense contained Liberty's Avery Anderson and the Yellow Minutemen offense during the first half allowing no first downs and minus two yards total offense as the Raiders built up a 20-0 lead, however, Anderson came on strong and finished the game with 133 yards on 24 carries and scored once on a 55 yard run from scrimmage.

In addition to Rothgeb's scores, Franklin scored on a three yard run and Kelso bulled through from the one. Joe Fraley hit three of nine passes for 34 yards.

Appomattox has now won three of its past four games for a 4-4 district record and 4-5 overall. A win over Amherst in the final game would give the Raiders a winning season in Seminole District play and according to rumors it would give a couple of Raider coaches a new look resembling that of Kojak. Oh well fellows, Bald is Beautiful.

Raiderettes End Season 8-1

On Tuesday, October 18, the Raiderettes won their volleyball matches playing Amherst by scores of 15,9-15-10.

Connie Murray had 12 serving points and Roxie Martin had 6 serving points.

Roxie Martin and Marie Fraley both had good games with spikes. Connie Murray did a good job assisting on setting up the spikes.

On Thursday, October 20, Liberty won over the ACHS Raiderettes 14,12 and 14,12. Time ran out in both games. The girls got off to a bad start and had to try and play "catch-up ball."

In the first game, Liberty took a 11 to 3 lead over the Raiderettes, but they came back and took the lead once but ending in a loss to undefeated Liberty.

Marie Fraley had 11 serving points. The team had a hard time at the net with spikes as Liberty had good blocking. Vanessa Smith and Marlene Moore each scored twice on spikes.

The Raiderettes ended their Seminole District season 8-1. Liberty ended with 9-0 record in district play.

The tournament will be played on Tuesday, Wednesday and Thursday of the week. The Raiderettes hope to take first place in tournament play. Results will be given next week.
